

MedStar Family Choice

DISTRICT OF COLUMBIA

Make sure your little one is **healthy and growing strong.**

A new school year is coming.

Children 0-2 years old need regular checkups, dental screenings, and shots to stay on track.

These visits will help check your child's growth, learning, vision, hearing, and teeth. They also help your child stay healthy as they grow.

- From **July 15 to September 30, 2026** your children can get infant or toddler essentials and earn gift cards when they finish a well child visit and dental screening.
- Bring the **Universal Health Form** and **Oral Health Form** to your child's appointments. Schools need these forms before children can start.

For more information about essential packs and school supplies, **scan the QR code or visit** MedStarFamilyChoiceDC.com or call 855-798-4244, press 1, and then press 2.

MedStar Family Choice District of Columbia complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, disability, or sex.
