B. Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

Providers are healthcare professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment and other services.

- The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and support services.
- Providers that are a part of MedStar Family Choice DC's network are called network providers.

Network providers are the providers that have contracted with us to provide services to Enrollees in MedStar Family Choice DC. The providers in our network will bill us directly for care they give you. When you see a network provider, you will pay nothing for covered services.

A Primary Care Provider (PCP) is a physician, nurse practitioner or physician assistant who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.

Specialists are doctors who provide healthcare services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

Cultural Competence training is additional instruction for our healthcare providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Office Limitation provides information on the accessibility of the office. This Directory will indicate one or more of these options:

- None (no accessibility limitations)
- No handicap bathroom
- No ramps into the building
- No handicap parking

Public Transportation indicates that the provider listed the office as located near public transportation. If Public Transportation is not indicated in this Directory, please call the provider's office for more information.
